Transport:

- We send by our self: Delivery at your own risk
 * We beg for pick-up: Ready for collection on: on the gate in the department

* The collection will be effected on the specified day advised by you.

A reliable covenant for the repair we can only give after effected incoming inspection. This you will get as a cost estimate. The order is placed by sending back the signed cost estimate. Before every incoming analysis and after the reparation the disinfection will be done. For this we will charge the proportional costs (standard € 11,60 or TEE € 23,60). If the repair is not possible, we charge for the analysis and amount of € 45,00 excl. VAT and for TEE € 65,00 excl. VAT. We are not to assuming liability for transports!

All prices according to actual, handed over pricelist additionally legal VAT. Valid are our general conditions of delivery and sale.
